<http://www.concordebattery.com>

An ISO 9001:2015 + AS9100D Certified Company

**List of non-TSO Aircraft Batteries**  
**Document No. 5-0417**  
**Revision H Dated 03/17/20**  
 (Contact Concorde or consult website for latest revision)

**A. RG® Series Main Batteries\***

Concorde Battery Part Number	Instructions for Continued Airworthiness (Component Maintenance Manual)
RG-41	CMM 5-0171
RG-76	CMM 5-0171
RG-91	CMM 5-0171
RG-203	CMM 5-0171
RG-209	CMM 5-0171
RG-214	CMM 5-0171
RG-418-1	CMM 5-0171
RG-418-2	CMM 5-0171

\*Main Batteries are designed for turbine engine starting but are also suitable for lower discharge rate applications.

**B. RG® Series Emergency Batteries\***

Concorde Battery Part Number	Instructions for Continued Airworthiness (Component Maintenance Manual)
RG-28-7	CMM 5-0167
RG-45	CMM 5-0167
RG-46	CMM 5-0171
RG-120	CMM 5-0167
RG-123	CMM 5-0167
RG-123-1	CMM 5-0167
RG-130-1	CMM 5-0167
RG-124	CMM 5-0167
RG-124-1	CMM 5-0167
RG-130-2	CMM 5-0167
RG-135	CMM 5-0167
RG-140	CMM 5-0167
RG-162	CMM 5-0167
RG-343	CMM 5-0167
RG-385	CMM 5-0167
RG-412-1	CMM 5-0167
RG-412-2	CMM 5-0167
RG-443	CMM 5-0171

\*Emergency Batteries are not designed for engine starting and are restricted to low discharge rate applications.

**List of non-TSO Aircraft Batteries**
