

EU REACH Regulation - Article 33 Compliance

Company: Concorde Battery Corporation
2009 San Bernardino Road
West Covina, CA 91790, USA

Contact person: Julian Iannini
Title: Director of Environmental Health and Safety
E-mail: jiannini@concordebattery.com

Subject: Duty to communicate on substances in articles listed in the Substances of Very High Concern (SVHC) candidate list (Article 33, EU REACH Regulation No 1907/2006)

Concorde batteries may contain substances listed on the Candidate List of SVHC for Authorization. These chemicals may be present at levels greater than 0.1% by weight of the listed article. The substances listed are sealed away from human or environmental exposure and under normal use, pose no safety or environmental risk. Please ensure that all products are recycled properly. For more information on safe use, exposure and emissions protection, disposal and the potentially hazardous materials present within our products, please refer to our [SDS](#), which can be found at the following link:
http://www.concordebattery.com/otherpdf/valve_regulated_lead_acid_battery_SDS.pdf

The SVHCs referred to above are the following.

C.A.S. #	Chemical Common Name	% Weight
7439-92-1	Lead	40-50%
12036-76-9	Lead Oxide Sulfate	5-15%
1317-36-8	Lead Monoxide	<5%
12065-90-6	Pentalead Tetraoxide Sulfate	<1%
12202-17-4	Tetralead Trioxide Sulfate	<1%

This declaration may be reviewed and updated as necessary in view of changes to the SVHC Candidate List.
